

# STEPPING UP TO THE PLATE

## Federally Qualified Health Centers Address Growing Demand for Care

California's FQHCs, other safety-net providers, and some mainstream care providers address a growing demand for care by being good team players. Here are some of their winning strategies:

- STRATEGY 1** Convening via community health center associations
- Developing risk-bearing FQHC networks **STRATEGY 2**
- STRATEGY 3** Establishing physician training programs
- Enhancing referral relationships with hospitals **STRATEGY 4**
- STRATEGY 5** Improving specialty care access
- Integrating behavioral health **STRATEGY 6**
- STRATEGY 7** Fostering whole person care
- Participating in programs for the uninsured **STRATEGY 8**
