

# DMC-ODS Waiver

---

JEFFREY DEVIDO, MD, MTS

CHIEF, ADDICTION SERVICES, MARIN COUNTY HHS, BEHAVIORAL HEALTH AND RECOVERY SERVICES

ASSISTANT PROFESSOR, UCSF DEPT. OF PSYCHIATRY

# Expanding the Continuum in Marin

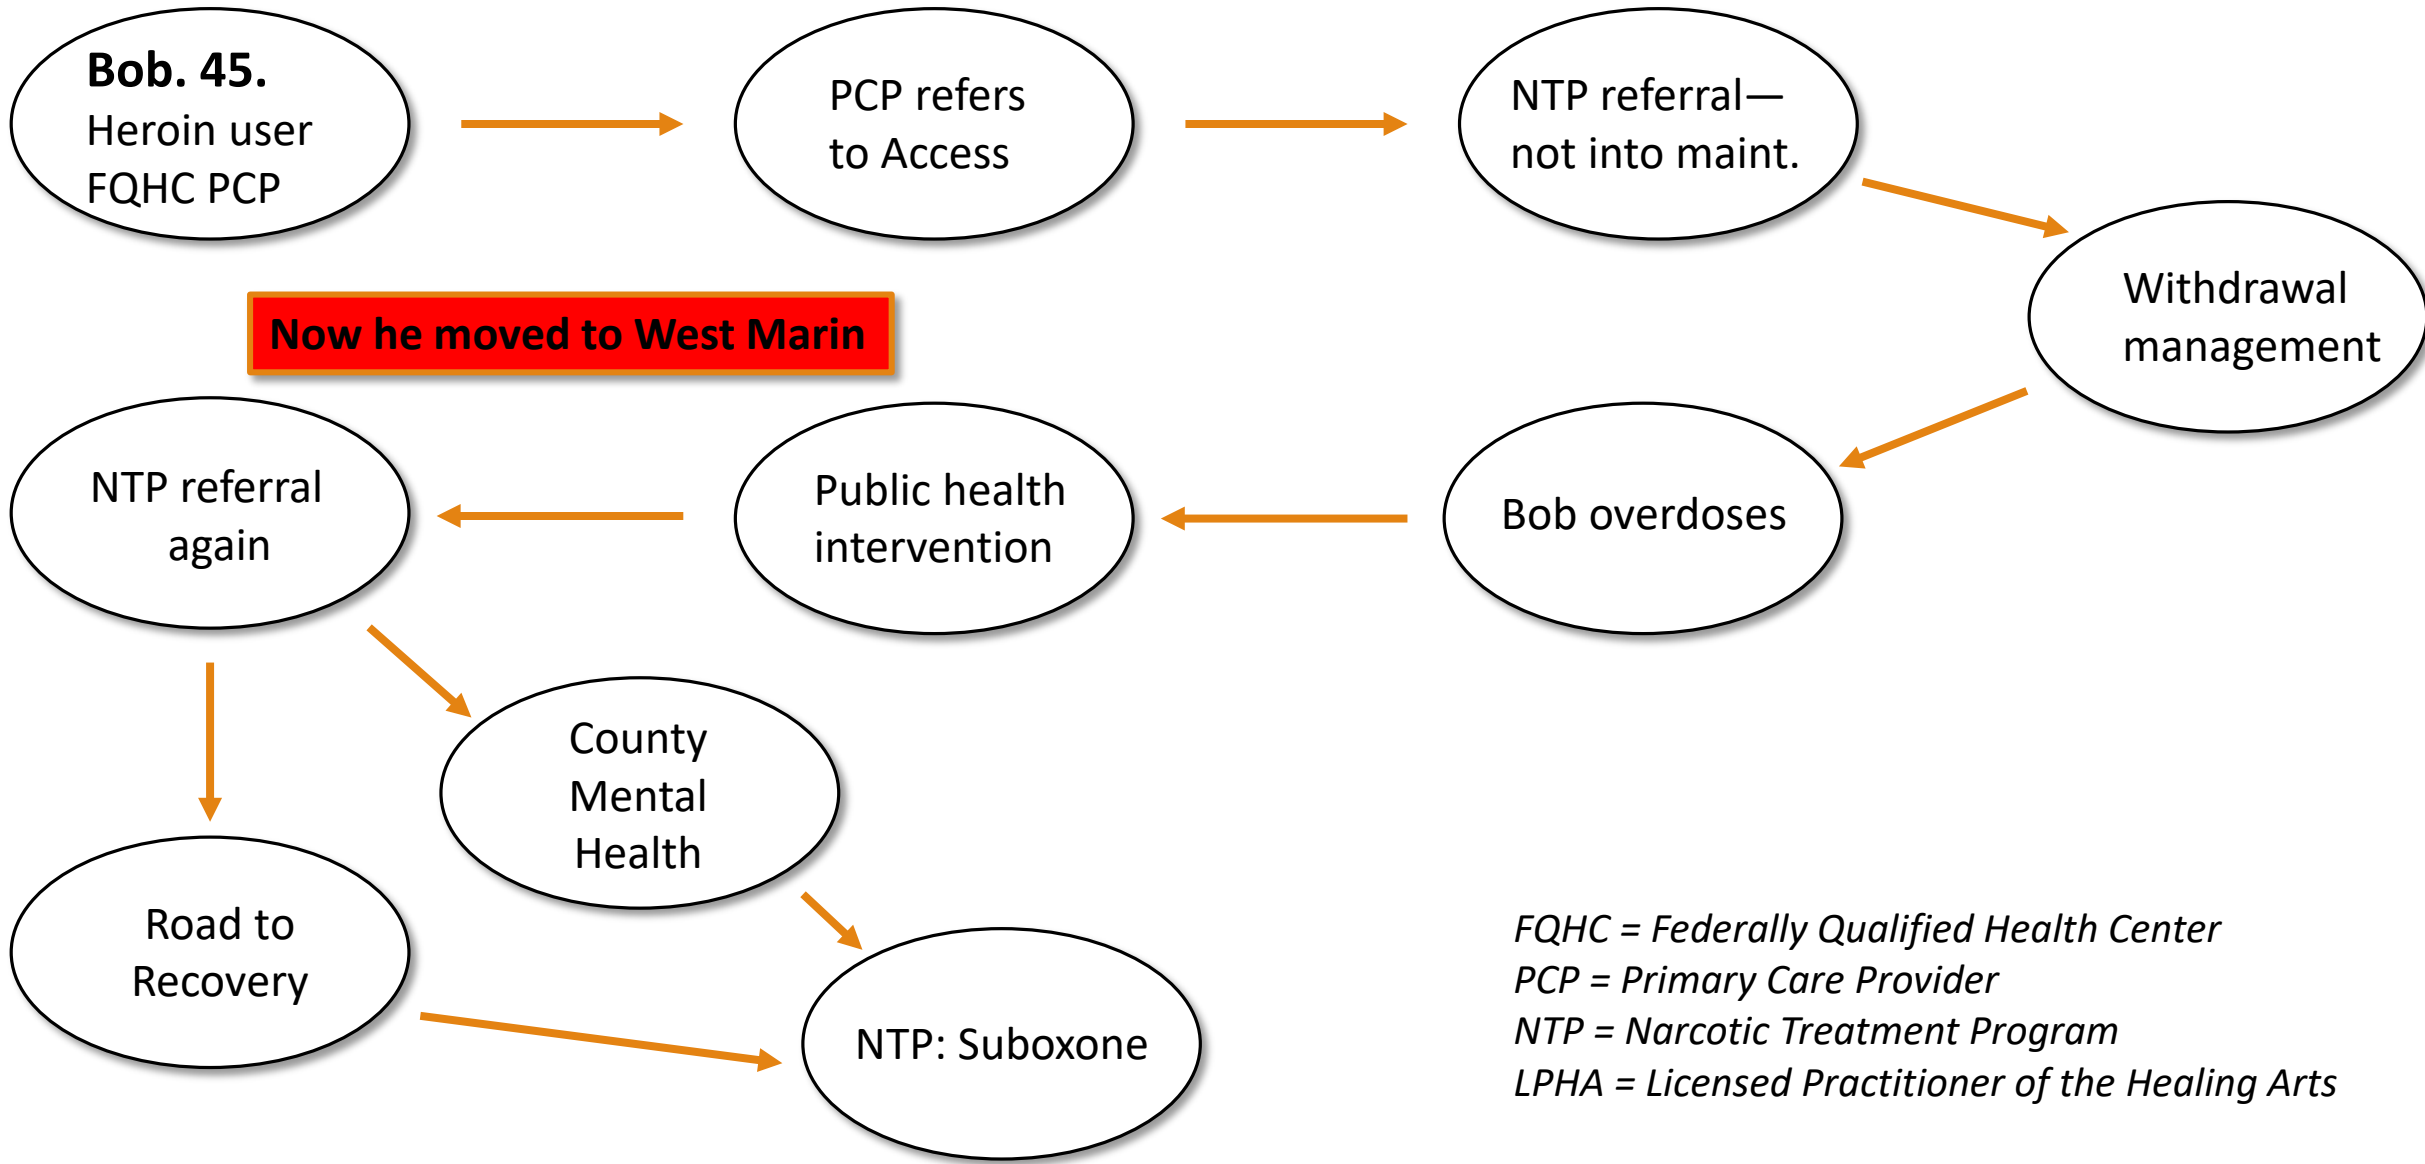

---

- Managed care plan for substance use disorder (SUD)
- Important additions:
  - Expanded residential opportunities (Marin now has 3 facilities)
  - Integrated access point for county mental health and SUD services
  - Direct service expansion (Road to Recovery Program)
  - Option of field-based services
  - Recovery coaches/recovery services
  - Licensed Practitioners of the Healing Arts (LPHAs) can attest to medical necessity
  - Withdrawal management
  - Medication Assisted Treatment (MAT) expansion
  - Narcotic Treatment Programs (NTPs): methadone, buprenorphine, naloxone, disulfiram (no prior authorizations)

# Expanding the Continuum in Marin (2)

---

- Providing case management enables us to make critical connections with primary care, mental health, linkage to recovery support services, transitions between levels of care, etc. — the glue of our system
- While SUD system has always had strong relationships with criminal justice, the Organized Delivery System (ODS) pilot has encouraged new partnerships (e.g., Emergency Medical Services, managed care health plans, Federally Qualified Health Centers, mental health), which have been instrumental in providing whole person care for beneficiaries

**Now he moved to West Marin**

**Gets LPHA and Recovery Coach**

*FQHC = Federally Qualified Health Center  
 PCP = Primary Care Provider  
 NTP = Narcotic Treatment Program  
 LPHA = Licensed Practitioner of the Healing Arts*
