

## Primary Palliative Care at California Public Hospitals: A Needs Assessment CO-ADVISER MEETING #1 DISCUSSION GUIDE

### Discussion Topics:

1. Palliative care needs within the partner service line or organization
2. Plan Round 1 Stakeholder Interviews (see Round 1 Stakeholder Interview Guide)

### Suggested Discussion Prompts:

Reflect on and discuss palliative care needs of patients and families within the partner service line or organization:

1. Each share a story of a patient or family where you feel the clinicians in the partner service line or organization met a patient or families palliative care needs, and one where these needs were not addressed.
2. What do clinicians within the partner service line or organization already do well to meet patients' and families palliative care needs?
3. What do you each see as the key areas where primary palliative care could be improved for patients in the partner service line or organization?

### Main Take Home Points:

- 1.
- 2.
- 3.

### Key Questions Going Forward:

- 1.
- 2.
