Primary Palliative Care at California Public Hospitals: A Needs Assessment
CO-ADVISER DISCUSSION GUIDE #5

Discussion Topic:

- Brainstorm Potential Interventions for Identified PER Factors

Suggested Discussion Prompts:

- What factors from your completed PER worksheet are central to your planning for a project to encourage your target behavior in your target audience?

- What are the educational needs of your target audience by these categories:
  
  - Attitudes (beliefs/values):
  
  - Knowledge (e.g. what palliative care is):
  
  - Skills (being able to do something):

- Which resources from the Resource Guide (or elsewhere) seem most promising in addressing these educational needs?

- In addition to providing education, list other ways you might promote your target behavior in your target audience (reference PER worksheet & brainstorm as many ideas as possible). These might include:
  
  - Social interactions, e.g. manager or peers recognizing those who perform the behavior
  
  - Operations integration, e.g. EHR reminders
  
  - QI processes, e.g. audit & feedback on a certain metric
  
  - Your other ideas:
