

## Looking Forward: Examining Long-Term Services and Supports Integration and Opportunities to Strengthen Coordination Under CalAIM

---

May 11, 2021, 11:15 am – 12:30 pm PT

### I. Welcome and Overview - 7 minutes

*Speakers: Alexandra Kruse, MSG, MHA, Associate Director, Integrated Care, State Programs, Center for Health Care Strategies (CHCS); Kate Meyers, MPP, Senior Program Officer, Advancing People-Centered Care, California Health Care Foundation (CHCF)*

A. Kruse will provide a brief overview of the webinar, including related work CHCS and Chapman Consulting recently completed with CHCF support. K. Meyers will describe how delivery system transformation for Medi-Cal seniors and persons with disabilities (SPDs) aligns with CHCF's broader work to support individuals with complex care needs.

### II. Proposed Reforms Impacting SPDs and Factors for Success - 10 minutes

*Speaker: Alexandra Kruse, CHCS*

A. Kruse will provide a brief overview of reforms on the horizon in California expected to impact SPDs, including dually eligible enrollees, over the next several years. Initial insights from Medi-Cal managed care plans (MCPs) and their key partners will be highlighted, including some of the factors noted to be central in achieving integration goals.

### III. Discussion: Building LTSS Partnerships - 25 minutes

*Moderator: Giselle Torralba, MPH, Program Associate, CHCS*

*Panelists:*

- Dustin Harper, MBA, Chief Strategy Officer, Institute on Aging
- Ricky Kot, MSW, Health Services Manager, MSSP/PFI, Aging and Adult Services, San Mateo County Health
- Eli Veitzer, President and Chief Executive Officer, Jewish Family Service of Los Angeles

Panelists will offer focused remarks drawing from a combination of partnership development experience under the Coordinated Care Initiative, current understanding of the SPD-focused reforms, and forward-thinking insights in key areas central to meeting stated goals. Key areas will include: (1) MCP and LTSS relationship building and contracting; (2) elevating strategies to support data sharing and improve care coordination; and (3) leveraging opportunities to expand home- and community-based service delivery.

### IV. Discussion: MCP 'Voice' Reactors - 15 minutes

*Moderator: Athena Chapman, MPP, President, Chapman Consulting*

*Panelists:*

- Edward Mariscal, Director, Public Programs and Long-Term Services & Supports, Health Net
- Elizabeth Gibboney, MA, Chief Executive Officer, Partnership HealthPlan of California

MCP panelists will respond to the insights shared by the LTSS panel, reflecting on both past experience and the opportunities to develop new or enhanced LTSS coordination strategies. They will also offer forward-thinking considerations for those expected to have a role in implementing these proposed reforms.

### V. Moderated Q&A - 15 minutes

*Moderator: Athena Chapman, Chapman Consulting*

Ms. Chapman will moderate discussion among panelists in response to webinar attendee questions.

### VI. Closing Remarks - 3 minutes

*Speaker: Alexandra Kruse, CHCS*
