About CSH

CSH collaborates to advance solutions that use housing as a platform for services to improve the lives of the most vulnerable people, maximize public resources and build healthy communities.

Setting the Stage

What is a Medicaid Academy?

In California, the Medicaid program is referred to as Medi-Cal. Because of this, we will call this tailored training and TA workshop series
The Medi-Cal Academy.

1. The CSH Medicaid Academy teaches the administrative aspects Medi-Cal providers will need.
2. Medi-Cal Academy attendees will hear from and collaborate with MCPs, Counties, CoCs and other providers also working on housing-related Community Supports.
3. The CSH Medi-Cal Academy supports agencies with the tools they need to contract with Managed Care Plans and create a fiscally sustainable program.

What content is covered?

Some Counties are holding contracts with MCPs and subcontracting to homeless service providers- in this case the sessions with the asterisks (*) will benefit providers most.

Social Drivers/Determinants of Health (SDOH)

- Screening
- Referrals
- Outcomes
- Investments

States want to maximize use of Medicaid funds for social services, to optimize federal financial participation (FFP).

States are calling this “Health Related Social Needs”

The Opportunities and Challenges

Many partnership opportunities that need **prioritization**

New funding + resources AND limited time for **coordination** between them

Most new funding from **new sources** and networks

Understanding what makes **strategic sense** for your organization

Adhering to compliance standards for existing funding and new funding

What to consider when looking into becoming a provider

The Four Lenses for Estimating Costs

Contracting

Direct Contracts with MCPs

- Homeless service provider holds contract and all contracting responsibilities for Medi-Cal Community Supports:
 - Receiving referrals and timely engagement
 - Provider enrollment/NPI number,
 - claim submission
 - internal auditing for compliance, and accountability for external audits

Sub-Contracts

- County or Health Network holds contract with MCP and then subcontracts to homeless service providers,
 - While managing administrative tasks for authorization and referral tracking, audit accountability, compliance standards, billing and claims submission

What will it take to make this work?

.... A 10,000 Foot View....

Competitive and sustainable rates from MCPs

- Know your true costs
- Know the start-up costs
- Know when to ask for more and when to say no

“Supplement, not Supplant”

- Expanding on and diversifying the population you are serving or
- Growing service quality instead of "subbing out" funding sources, I.e. CoC HUD funding v. Medi-Cal
- New job positions and new activities under services

Strategic use and maximization of various funding sources

- Dedicated or flexible funding sources for "catch-all"/broad needs not covered by existing streams

Identify your capacity/bandwidth

- Start-up funding
- Flexible partners
- Alignment with current programs, mission
- Referral flow needed to sustain \$
- Data management & compliance
- Claims & billing, cash flow changes
- Organizational culture
- Change Management strategies
- Inclusive Decision Making processes
