

## Planning for Success: Incorporating Evidence-Based Practices and Tools into Your Programming

|                                     | Y/N | Do we have training, policies, and procedures to support? List. | Have we designated staff responsible to monitor quality? If so, who? | Which fidelity tool and resources do we use to guide fidelity? (Eg: SAMHSA, HFFM, CSH Quality Standards) | What outcomes and targets are we working to achieve? Note both baseline (where you are now) and goals. |
